

Midway Wrangler Review

9-26-90

Midway Wranglers third grades back in time last week. They have the privilege of having Mr. and Mrs. Melvin Moulton visit them in their 1929 Ford. Fully dressed for the occasion as you can see, the Moultons answered questions the students had about this classic car. The students can tell you what it's like riding in a "rumble seat." You, Mr. And Mrs. Moulton, are having this interesting and fun time with us!

Our fifth grades have already had a field trip. Last Tuesday, Mr. Jensen, Mr. Hatch, and Mrs. Jensen took their classes to the Utah State Fair. These people all seemed to be having a great time. They went to the Fine Arts building, Arts and Crafts, and Commercial exhibits, where they enjoyed the free samplings. They cruised by the pigeons, the cows, pigs, and even turned to take the opportunity to taste some of the goats milk. Some even flew down the giant slide. Seventeen students were able to go to help and say Thanks!

Mr. and Mrs. Kelso, Loyal Clark, and Mrs. Rasband, with the U.S. Forest Service, took the time to come and talk with us about taking care of our environment and this beautiful world in which we live. If we all work together, we can make a difference in this world. The faculty

and students are really going to work to make a difference. They challenge all Wasatch County persons to pitch in and "Don't Waste Utah." Please work with us and make our beautiful valley it's best and keep it that way. Some of the little ways that will make a big difference are: collecting newspapers for recycling, planting a tree or shrub, taking a short shower, turning off the lights in unoccupied rooms, walking instead of riding a bike, "bend a little and gain a lot," collecting aluminum cans for recycling, washing containers and using them. Thanks for keep on those horses, Wranglers!

We thank Mrs. Vickie Smith who was our P.E. Specialist in the past for her much appreciated work. We are carrying out her program with a new P.E. Specialist, Mr. Jamie McCallister.

Mrs. McCallister is doing soccer tournaments with the fourth and fifth grades. They are playing until the final winners prove themselves. This week is Bus Safety. Parents please discuss and educate your students with us about walking or riding a bike or a bus and the many ways to do each one. Our students are priceless, so let's be super safe.

Our fifth grades are testing next week on SAT. Good luck, we hope you'll do your best.

We are doing citizenship awards

again. We do weekly and monthly awards. Last week's winners were Derick Anderson, Scott Coby Gertsch, Jackie Ayrca Patch, John Evans, Linford, Stefany Collings, and are, Crystal Durtschi, Ross

Byer, Greg Fillmore, Kam Magnuson, Beauty Hunt, and Zack Jager.

Class citizenship winners were Mr. Jensen's and Mrs. Probst.

Get in shape for our Fun Run Oct. 5. It will begin in the morning. Go get 'em Wranglers!

Professional Dance Trainee Visits Wasatch High

Recently, the Waspettes held a private dance clinic given by Steven Cooper. He taught many new technique styles and various contemporary street dance moves.

Cooper grew up in Park City and his life has been full of dance. He started lessons at age 3, and by he was featured in Ballet West. He then moved to Midvale, where he took private schooling and continue his career in Ballet West. After this, he took a break from dancing and took up gymnastics. Then when he was 18, he became Layton

High's cheerleading adviser. He then went back to choreographing and teaching his own dance. He has recently choreographed many dance videos, including videos of Paula Abdul and Michael Jackson. He has featured commercials like "Wheaties" and television programs, including the Show.

After his clinic at Wasatch High School, he traveled to Salt Lake City to teach a similar clinic. A number of dance groups were invited.

Shakespearean Club Opening Social Held

"Howdy partner" was the greeting given to the members of the Shakespearean Club at their opening social Tuesday, Sept. 11 at the 1st, 6th, 9th Ward shelter. President Velda Shelton welcomed the cowgirl garbed members at the start of a new year. A game, "Mingle," was played as friendships were renewed. A delicious western dinner was served.

Blaine Brown, a country/western singer living in Midway, entertained the ladies with renditions of favorite western songs of the past

as well as popular favorites of today. The women were especially delighted to hear an original song written by Blaine that will appear on his album being made this year.

The party committee consisted of the new officers for the club: Velda Shelton, president; Carlile, vice president; Joyce Smith, secretary; Marilyn McGuire, treasurer; Mima Hicken, bookkeeper, and Dorothy Eggert, historian.

Thanks

On Sept. 14-15, the District Scouts had another successful fall camp because of the Scoutmasters and the following men: Phil Lyons, Lyle Smith. Joe Probst, Jerry

Smith, Ken Beckstrand, Jeff Dan Hoffinens, Stan Smith, Carlile, Daryle Smith, and Lyle Gertsch and Blaine.
